

CS492 Project Report

Put Title here

*Submitted in partial fulfillment of
the requirements for the award of the degree of*

**Bachelor of Technology
in
Computer Science and Engineering**

Submitted by

Under the guidance of
Guide's Name & Designation here

Department of Computer Science and Engineering
GOVERNMENT COLLEGE OF ENGINEERING KANNUR
Kannur, Kerala State, India – 670563

Department of Computer Science and Engineering

GOVERNMENT COLLEGE OF ENGINEERING KANNUR

Certificate

This is to certify that this is a bonafide record of the Project work done by the student whose name is given below in partial fulfillment of the requirements of the degree of Bachelor of Technology in Computer Science and Engineering under A.P.J.Abdul Kalam Technological University during the year 2018-19.

Register No.	Name of Student
Register no here	Name here

Guide name here	Prof. Sajith B.	Dr. Bindu P. V.
(Project Guide)	(Project Coordinator)	(Professor and H.o.D)

Institute Vision

“A globally renowned institution of excellence in engineering, education, research and consultancy.”

Institute Mission

“To contribute to the society by providing quality education and training, leading to innovation, entrepreneurship and sustainable growth.”

Department Vision

“To be a centre of excellence in the field of Computer Science & Engineering education and research, which extends its appreciated services to the industry and the society.”

Department Mission

“To develop engineers with excellent analytic, design and implementation skills, who can expertise themselves as computer professionals, research engineers, entrepreneurs or as managers, while fulfilling their ethical and social responsibilities, in a globally competitive environment.”

List of Figures

List of Tables

Chapter 1

Introduction

1.1 Background Information

Provide background information of your project here which may contain the motivation for this project

1.2 Literature Survey

A brief description about the papers or other sources you have referred for this project work

1.3 Outline of the Report

Give a very brief outline of the chapters and sections in this report

Chapter 2

Methodology

2.1 About the Project work

Give a brief description about the project work here. Demo of citation [3]
another citation [2] next one [5] last citation [1] website [4]

2.2 System Architecture

Give details of system architecture using diagrams

Chapter 3

System Design

3.1 Flowcharts

Put flowcharts here and describe them briefly

3.2 Data Flow Diagrams

3.2.1 Level 0 Data Flow Diagrams

Put DFDs here and describe them briefly

3.2.2 Level 1 Data Flow Diagrams

Put DFDs here and describe them briefly

Chapter 4

Detailed Design

4.1 UML Diagrams

4.1.1 Use Case Diagrams

Put use case diagrams here and briefly describe each use case

4.1.2 Class Diagrams

Put class diagrams here and briefly describe each class

4.1.3 Sequence Diagrams

Put sequence diagrams here and briefly describe them

4.1.4 Activity Diagrams

Put activity diagrams here and briefly describe them

4.1.5 Component Diagrams

Put Component diagrams here and briefly describe them

Chapter 5

Database Design

5.1 Data Dictionary

Include data dictionary in tabular format explain each relation and its attributes

5.2 ER Diagrams

Include ER diagrams here and explain them briefly

Chapter 6

Experimental Results

Put experimental results here. Include graphs and figures.

Chapter 7

Conclusions and Future Work

Conclusion and future work goes here
